Chamber Accepting Applications From Future Leaders

The Roseburg Area Chamber of Commerce is accepting applications for Project Leadership Roseburg. If you or one of your employees is a future Douglas County business leader, then you'll want to be part of this important chamber program. Project Leadership will begin its 27th year this September. The chamber has graduated over 500 individuals from this distinguished professional development program.

Not your typical leadership program, Project Leadership Roseburg provides participants with a comprehensive awareness of the many aspects of Douglas County and a deeper understanding of how our community works directly from our leaders.

The nine-month program not only shares knowledge about our region, but fosters dedication to our community as participants learn about how they can get involved to help create a more vibrant future for Douglas County. Project Leadership Roseburg is a two-year commitment for participants.

During the first year, they attend nine day-long sessions each month from September through May. The full-day workshops range from panel presentations to tours on a variety of subjects and include leadership and teambuilding activities. The subjects include in-depth glimpses at

The chamber is seeking community project applications for its 2015-16 Project Leadership program. Project Leadership Roseburg is a business leadership development program of the Roseburg Area Chamber of Commerce that challenges participants to increase their knowledge about the Roseburg area and to become actively involved in their community. In addition to attending nine monthly day-long workshops, the participants work as a team to complete a service project that supports a community-based, not-for-profit organization.

The chamber is now taking applications from Douglas County non-profits to be considered for the upcoming Project Leadership class project. The community service project should promote the active involvement of Project Leadership class members in

REMINDER: Road improvements and other construction projects are in full swing. Please do NOT let road construction keep you from patronizing businesses out Highway 99 south of Roseburg, in historic downtown or anywhere else throughout Douglas County. Our businesses need and deserve our patronage and support!

Look for *InUmpqua*

InUmpqua, the chamber's business directory, community profile and visitor magazine will be in your hands any day now! Due to the demand over the last year for *InUmpqua*, the Roseburg Area Chamber of Commerce increased production this year to 16,000 copies of our premier annual publication. We are, again, thrilled with the final product and look forward to distributing our membership publication throughout Douglas County and around the state.

InUmpqua is the chamber's primary publication distributed to members and local businesses, chambers and visitor centers around the state. *InUmpqua* is used to fulfill relocation information requests by prospective new residents and businesses and for physician, executive and business recruitment.

The Roseburg Area Chamber of Commerce would like to thank so many members for their contributions to this publication and, especially, to our member advertisers who without which, the *InUmpqua* business directory, community profile and visitor magazine would not be possible.

Roseburg and Douglas County Map

Last year, the Roseburg Area Chamber of Commerce partnered with long-time chamber vendor and member, **Spring Hill Press**, to create a beautiful color map of Roseburg and the surrounding area. Ad sales and design occurred over the summer months, with the map "unfolded" in the fall. To date, over 10,000 of these maps have been distributed throughout Douglas County and the state.

Due to the overwhelming success of our 2014 map, the chamber is excited to announce commencement of development of the 2015 Roseburg map. Starting later this month, Spring Hill Press representatives will be contacting Roseburg Area Chamber members with the opportunity to advertise on this 24" x 36" full-color, high-gloss map. In addition, the map is produced online. A link will be provided to the chamber to take web visitors to the online map. Users can select a member business from the list of advertiser's and the map will pan to the selected location. Once the selected location has been displayed, the ad will be displayed with the advertisers information, users can then click on the link to the advertiser's website. When the page is viewed on a smart phone, users will be able to click on the advertiser's phone number and it will call the advertiser. Once again, the maps will be available for distribution this fall.

A Spring Hill Press representative will be more than happy to explain the project to you when they call. If you have any questions or concerns, or would like a copy of last year's map, please call us at the chamber at 541-672-2648, ext. 22.

Project Leadership Roseburg

2015-2016

CALLING ALL FUTURE BUSINESS LEADERS
Are you, or one of your employees a future Douglas County business leader?

Then now is the time to apply for participation in the 2015-2016 Project Leadership Roseburg program.

Since 1989, more than 500 business men and women have graduated from Project Leadership Roseburg, and many of today's respected Douglas County business and civic leaders are graduates of this esteemed program. Now in its 27th year, the mission of the Roseburg Area Chamber of Commerce's leadership program is to educate, inspire and strengthen community-minded individuals through increased business and community awareness and to promote civic activism through volunteerism.

Not your typical leadership program, Project Leadership provides participants with a comprehensive awareness of the many facets of Douglas County and gain a deeper understanding of how our community works, directly from its leaders. The nine-month program not only imparts knowledge about our region, but fosters dedication to our community as participants learn about opportunities for involvement to help create a more vibrant future for Douglas County.

Making a Commitment to Leadership

Project Leadership Roseburg requires a two-year commitment from participants. During the first year, participants attend nine day-long sessions each month—from September through May. Each month, participants will attend a full-day workshop, panel presentations/briefings, and/or tours on different session topics. During this first year, participants will also select, organize, raise funds and implement a community-benefit project.

Project Leadership challenges its participants to become more involved in local politics, the chamber, community and civic organizations—all for the future betterment of Douglas County. This involvement will start soon after participants "graduate" from the leadership program in May. They will assist chamber staff with facilitation of workshop sessions for a new class of Project Leadership participants; thus, fulfilling their second year commitment to the program.

The chamber is currently accepting applications for the 2015-16 Project Leadership class. Space is limited. Applicants may be employer-sponsored or self-sponsored.
