Project Leadership Application Due for Future Leaders

The Roseburg Area Chamber of Commerce is accepting applications for its 2016-2017 Project Leadership Roseburg program. If you or an employee is a future Douglas County business leader, then Project Leadership is for you. Project Leadership Roseburg begins its 28th year on September 8.

Not your typical leadership program, Project Leadership Roseburg provides participants with a comprehensive awareness of Douglas County and a deeper understanding of how our community works directly from our leaders. The nine-month program fosters dedication to our community as participants learn to help create a more vibrant future for Douglas County. Project Leadership is a two-year commitment for participants.

During the first year, participants attend a day-long session each month from September through May.

The subjects include in-depth glimpses at economic drivers such as natural resources, manufacturing, tourism, education and health care industry. Participants will also select, raise funds and complete a small community-benefit project. After participants “graduate,” they will support chamber staff’s facilitation of a workshop session for the following class participants, fulfilling their second-year commitment to the program.

Applicants may be either employer or self-sponsored and space is limited. The cost for the program remains \$650 for members of the Roseburg Area Chamber and \$850 for non-members. Roseburg Area Chamber members will be given priority. Acceptance is on a first-come, first-approved basis. The application is available online at http://www.roseburgareachamber.org/pdf/2016-2017_PL_App_FINAL.pdf. The application submittal deadline is **Friday, August 12, 2016**.

Booked Hotels Confirm Growing Interest in Roseburg and the Land of Umpqua

Local hotels were booked in May and June, and not just on Friday and Saturday nights. Local hoteliers started seeing hotel rooms sell out on Mondays and Tuesdays; something, they say, happened a lot earlier this year than in past years. Comments from visiting guests to hotel staff combined with the growth of local transient lodging tax (TLT) dollars collected, confirms the effectiveness of the chamber's marketing and advertising campaign.

We talk to hotel managers and front-desk staff on a regular basis to learn what they hear from guests. We're interested in the nature of their visits and what they are planning to do while in Roseburg. This information provides insight that is used alongside our data sources to craft future campaigns to continue growth of visitor attractions.

Promotional efforts by the chamber are reflected in the continued growth of transient lodging tax dollars collected. The growth in hotel revenue from the June Travel Oregon Lodging Report shows a year-to-date increase of 8.4% for Douglas County; the national average was 4.7%. Because of those efforts, the chamber is able to expand promotional efforts further to increase visitor awareness and grow as a tourism destination in the Roseburg area.

Constructing a campaign for the entire year isn't a one-time event. It's an ongoing process. In 2016-2017, our campaign is expanding in the Fall, Winter and Spring. Although the chamber commits marketing funds nine to ten months in advance of each campaign, there is much left to do to ensure a successful campaign. The chamber continuously tracks the performance of each advertising campaign while simultaneously collecting a multitude of information from user trends and specific interest on the VisitRoseburg website, to the location and type of promotional brochures distributed across the state and country. All of this information is compiled and analyzed to target and re-target specific audiences, ensuring visitors know how much Roseburg and the Land of Umpqua has to offer.
